Client: Halil Ceylan

Members (roles): **Brandon Wachtel, Tyler Fish (Team Communicators)**

Mitch Balke (Team Leader)

Brandon Maier, Johnnie Weaver (Web Masters)

Trieu Nguyen, Christofer Sheafe (Key Concept Holders)

Project Title: Wireless Embedded Roadway Health Monitoring

Weekly Summary

The main goal that our group had this week was to meet with our advisors, designate positions for team members, and find meeting times that would work for the entire group. Johnnie Weaver, Brandon Wachtel, and Tyler Fish researched information regarding road health systems for 1 hour each before the meeting with our advisors. The Web Masters were given the task to construct a basic design for the webpage prior to our first group meeting.

Meeting notes:

Team members introduced their names, major, and focus to the advisors. Advisors introduced themselves to the group. We discussed the concepts of the project and what it would entail at a basic level.
